

Connect teams with Dropbox Business Plus

Secure, centralize, and collaborate on content on a single platform.

As your company expands, content chaos and security risks can escalate too. Dropbox Business Plus helps you stay on top of everything by consolidating content workflows in one place, along with extra layers of security and tools that keep teams focused on their work. Securely store content, edit PDFs, share videos, sign documents, and track file engagement—without leaving Dropbox.

Put your content to work

- **Improve team productivity** with the ability to convert, edit, sign, and organize PDFs within Dropbox.
- **Securely share content and get performance insights** with real-time document and video analytics that show where your customers, employees, or prospects are spending their time.
- **Finalize contracts and other important paperwork** with unlimited eSignature requests and templates, reminders, and notifications. Automatically organize signed docs inside of Dropbox.

Collaborate effortlessly with anyone

- **Work on content** with distributed teams and partners located anywhere. Transfer files up to 250 GB.
- **Fast-track rich media projects** with the ability to share videos, collect and take action on feedback, and expedite reviews and approvals as a team—no more endless email chains.
- **Add context to complicated topics** with video and screen recordings that make it easy to share and exchange feedback.

Secure your content

- **Store and protect** 5 TB/user on an integrated content management platform with data classification, ransomware detection and recovery, alerts, and single sign-on (SSO).
- **Maintain compliance and control** with audit trails, external share reporting, web session management, and 1 year of version history and recovery.
- **Strengthen trust** by protecting the privacy, confidentiality, and sensitive information of employees, candidates, clients, collaborators, and all other stakeholders.
- **Streamline business ops** with admin controls across storage, eSignatures, and document analytics.

“We strive to create a world-class work environment with the top technologies available. We’ve achieved a return on investment of over 500% with Dropbox, while taking a giant step to modernize our IT strategy and enhance collaboration across our company.”

— Nichole Boatsman, IT Director, Clear Channel Outdoor

Dropbox is used and trusted by teams at:

Help teams be more efficient and productive, while maintaining control of your content
